IRONWORKERS MEET.

Fourteenth Annual Convention of the Amalgamated Association.

\$2,000 FOR THE FLOOD SUFFERERS

Vice President Roberts Delivers the Address of Welcome.

A SUCCESSOR TO MR. JOHN JARRETT

The Fourteenth annual convention of the Amalgamated Association of Iron and Steel Workers was called to order at 10 o'clock yesterday morning by President Wethe. The Eastern delegates were not present, as they are anchored at some point near Harrisburg on account of the flood and will not likely reach here before this morning. President Weihe made a few remarks and then appointed the Committee on Contested Seats as follows:

James Swatman, John E. Cunningham, John Good, John Matthews, George Vennum, James McEldowney, Thomas H. Evans, Isaiah Parkes, F. G. Sullivan, P. H. McEvay, D. C. Marsh, Joseph W. Rutledge, Harry Hocking.

This concluded the business of the morning session, and the convention adjourned. At 2 o'clock the committee reported on the entials of 171 delegates, and they were scated. Some of them represented lodges that were in had standing, but the delegates paid up all back dues and thus secured a place in the

It was decided to hold sessions from 9 A. M. to 12 M., and from 2 to 5:30 P. M. The convention was then formally organized, and Vice President William T. Roberts, of the First division of the First district, delivered the address of welcome to the delegates. It is

AN AMALGAMATED WELCOME. While it devolves upon me as a duty, yet I esteem It a pleasure indeed, to bid you a hearty wel-come to our city. Among you I see many old familiar faces; to you it is needless to say enjoy yourselves. That you will do, so there is little loubt from the fact that you have been here before, and know the ins and outs of the city. But to you who are strangers among us I would say that the members of the craft in the First dis-trict have a reputation for sociability that is far-reaching, and they will only be too glad to assist in making your visit one long to be remembered. And now, brothers, in telling you to have a pleas and now, orothers, in terming you to make a please and time I do so feeling that you would consider this only as secondary to the important matter which has brought you here. Our association has a reputation for integrity and fair dealing second to none in the history of its kind, and we as members should be proud to uphold the principles of such an organization. I beg you, then, that in your pursuit of pleasure your conduct will be such as will redound to the credit of us all. I believe in mingling pleasure with business when consistent, but I think that in this assembly the moment our president raps his gavel that

bly the moment our president raps his gavel that moment we should drop pleasure and devote ourselves entirely to the consideration of the many important questions that will come before us. There is little doubt but that your constituents sent you here believing you to be the best fitted among them to legislate for the best interests of our association, and I ask you not to betray that trust in idling away the valuable time while in session by idle gosup, but rather let us concentrate our minds on the matter before us, and the result will be such as will make us feel proud. Let us make this a law abiding as well as a law making body; banish from among us anything of a disturbing element; he kind and considerate in our actions toward each other, and I feel sure that the old adaze will prove true in this case, that "all's well that ends well."

Thanking you for your kind attention, I again bid you a heartly welcome to our city.

THEIR SUBSTANTIAL SYMPATHY.

THEIR SUBSTANTIAL SYMPATHY. The following resolution was then offered and unanimously adopted:

WHEREAS, The terrible calamity which has visited Johnstown and vicinity devastated that once beautiful and peaceful valley appeals to the sympathies of this whole country, and calls for immediate response; therefore,

A SUCCESSOR TO JARRETT.

The American Tin Plate Association Hold

an Important Meeting. The American Tin Plate Association held a special meeting in their office in the Lewis block yesterday afternoon. This is the first meeting held by the association for over two meeting held by the association for over two years. The object of the gathering was to receive the resignation of the Secretary, Mr. John Jarrett, who has been appointed Consuito Birmingham, England.

The meeting was well attended, but the members from the East could not be present owing to the bad condition of the Pennsylvania Railroad. They sent telegrams and letters, which were read, announcing the cause of their absence.

President W. H. Lewis was in the chair. An informal talk was had on the condition of the iron and steel trade. Nothing can be done at present in the manufacture of tin plate until the Sonate tariff bill is passed. They are all confident that the bill will be passed and the Industry in this country revived.

The following resolutions were unanimously

d. That we, the Tin Plate Association, accept his resignation with feedings of the loyal gree; and,
Resolved, That we bear testimony to the loyal enthusiasm with which he has so realously guarded the interests of American industries and his upright career through all the various gradations from an iron worker to his present eminently honorable position of Consul.

It was then resolved to continue the association and to retain the present office in the Lewis block. Mr. W. C. Cronemeyer, President of the United States Tin Plate Company, was elected to succeed Mr. Jarrett as Serretary, and will be assisted by Mr. Charles Gilpin, of the W. Dewees Wood Company, one of the Vice Presidents of the association.

INDEFINITELY SUSPENDED.

The Ft. Wayne Road Can't Handle Freight Destined for Western Points. All traffic on the Fort Wayne Railroad ha been suspended indefinitely. The crews on the different trains have been laid off. This means no pay to any of the men except those needed in handling local freight. Almost 1,000 men are laid off without pay and will remain idle until the road is open, which may be two or three weeks. The Pennsylvania railroad is not able to handle any freight east of this city.

AFTER MANY DIFFICULTIES,

A Swedish Nightingale Becomes a Bride

After Considerable Delay. SPECIAL TELEGRAM TO THE DISPATCH. New York, June 4.—Miss Ingeberg Lofgren, the Swedish Nightingale of the Swedish Quar-tet which made a tour through the United States a few years ago, became Mrs. Hermann L. Schreiner last evening. Mr. Schreiner made her acquaintance shortly after her first concert in New York. He met her again just before she sailed back to Sweden. He wished her to become Mrs. Schreiner, but he did not have become Mrs. Schreiner, but he did not have
the necessary courage. Miss Lofgren sailed
for Sweden. A correspondence ensued between
the two and Mr. Schreiner proposed marriage.
Miss Lofgrenn said yes. She embarked on the
ill-fated steamship Denmark, and was one of
the last passengers rescued by the Missouri.

The water on deck was a foot deep before
she left the sinking ship. Mr. Schreiner, in
the meantime, had come to New York from his
home in Savannah to meet her. Four days
after the City of Chester brought news of the
collision his white and worn face haunted the
offices of the Thingvallia line. Eventually he
gave up all hope and returned home. Six
hours after his arrival in Savannah he learned
that Miss Lofgren was safe on the steamship hours after his arrival in Savannah ne learned that Miss Lofgren was safe on the steamship Missouri. He hurried back north and met her in Philadelphia. Miss Lofgren could not become Mrs. Schreiner right off, as he wished, however, because she had to devote many weeks to recovering her health and replacing her trousseau, which was lost in the wreck.

A DIVERSITY OF BIDS.

Some Contractors Willing to Do Work for Half as Much as Others.

The Department of Awards met vesterday number of street improvements they have had before them, at one time, since their organiza-tion. The only contract awarded was that of the Chautauqua Lake Ice Company for furnishing ice to the engine houses, station houses, patrol stables, and other offices of the Department of Public Safety.

The bidders for the various street contracts were very numerous, and the figures on each contract varied greatly, in some instances the lowest bidder being less than half lower than the highest.

the highest.

The only bidders for the grading, paving and curbing of Center avenue from Soho street to Hiland avenue were Martin Joyce and Booth & Hinn arenue were martin Joyce and Booth & Flinn, the latter being the lowest, as they were also for sewering the same thoroughfare. On each of the street paving or repaving bids the Warren Schaif Asphalt Paving Company were bidders, and, in addition to the Ligonier stone, Booth & Flinn also bid for asphalt pavements. The bids were referred to the Clerk for tabulation, and the contracts will be awarded at another meeting.

FIXING FOR THE POLLS.

County Amendmentites Getting Rendy for the Battle on the 18th. The County Executive Committee of the Amendment Association held a meeting yes terday and arranged for a mass meeting for Thursday afternoon and evening of next week, June 13. It will be held either at the Opera.

Why She Became Despondent

[PROM A STAFF CORRESPONDENT,] Weiler came to Tottenville, Staten Island, from we her came to Tottenville, Staten Island, from New Haven, a short time ago. Tottenville is a small town of beer saloons, mud alleys and one-story frame houses. Mrs. Weiler begged her-husband to take her back to New Haven, When he refused she became very despondent. Last night she swallowed a dose of paris green. To-day she died.

How She Was Rescued.

PEPECIAL TELEGRAM TO THE DISPATCH. NEW YORK, June 4 .- A 140-pound fireman carried a 200-pound woman down on a ladder from a three-story window this evening. The lady was Mrs. Lydia A. Fielding. Mrs. Fielding's photographic studio got on fire, and the flames and smoke filled the corridors so completely that she could not get to the stairway. The rescue seemed exceedingly perilous for the fireman.

A Murderer Lynched in Knnsas. LINCOLN, KAN., June 4.-Pat Cleary broke jail last night. He was pursued and shot by citizens of Lincoln and Eilsworth, who then took him to the railroad bridge on Fourth street and hung him. Cleary murdered Jesse Turner January 3, 1888.

Catarrh

expelled from the system, there can be no cure for this loathsome and dangerous malady. Therefore, the only effective treatment is a thorough course of Ayer's Sarsaparilla - the best of all blood purifiers. The sooner you begin the better; delay is dangerous.

"I was troubled with catarrh for over "I was troubled with estarth for over two years. I tried various remedies, and was treated by a number of physi-cians, but received no benefit until I began to take Ayer's Sarsaparilla. A few bottles of this medicine cured me of this troublesome complaint and com-pletely restored my health."—Jesse M. Boggs, Holman's Mills, N. C.

"When Ayer's Sarsaparilla was recommended to me for catarrh, I was inclined to doubt its efficacy. Having tried so many remedies, with little benefit, I had no faith that anything would cure me. I became emaciated from loss of expetite and impaired digestion. I cure me. I became emaciated from loss of appetite and impaired digestion. I had nearly lost the sense of smell, and my system was badly deranged. I was about discouraged, when a friend urged me to try Ayer's Sarsaparilla, and referred me to persons whom it had cured of catarrh. After taking half a dozen bettles of this medicine, I am convinced that the only sure way of treating this that the only sure way of treating this obstinate disease is through the blood."

"Yes" is the positive reply of the most eminent physicians of all the land. Disease steals into your system like a sneak thief into your house, and often by the neglecting a bad cold we end our days in lingering and wishing for health, when, indeed, one bottle of pure whisky or brandy would have cured the cold.
